

## **Customised, Hassle-free Corporate Accommodation, at Your Service**

FOR IMMEDIATE RELEASE

**Sydney, NSW** – Local business Corporate Living Solutions is pleased to announce its innovative corporate accommodation service for both national and international organisations and individuals. Located in Manly, we take pride in our local knowledge and in our in-depth appreciation for all that is Sydney.

Sourcing the co-founders' combined 20 years of industry-relevant experience, we can ensure convenient, cost-efficient and fully functional lodgings. We offer cheaper rates than most Sydney hotels, and we understand and can adapt our accommodation seeking methods to whatever the corporate employee needs when relocating here.

Whether on a long-term secondment or working on a short-term project, we will find a suitable dwelling. If you want to enjoy living in one of Sydney's scenic beachside suburbs or would prefer an apartment in the city's hectic hub, we can accommodate those needs. Areas we cover include Sydney CBD, North Sydney, Pyrmont, Chatswood, Ryde and most beachside suburbs.

The business co-founders have both previously owned and rented inner Sydney apartments, including seven years property managing a high rise commercial and residential building in central Chatswood. High rise apartment buildings are what we generally recommend, providing contemporary, comfortable living, along with all the mod cons. Housing is also available for a family relocation or for those with a desire for a bit more breathing space.

It's guaranteed that we will make the corporate relocation process simple and smooth. You contact us for a consultation on your accommodation needs and we do the rest. The dwelling we choose will be tailored to your needs, and will be fully furnished and fully equipped with various utilities and services. All will be ready and waiting for you when you enter.

### **About Corporate Living Solutions**

Commencing in 2013, Corporate Living Solutions offers fully serviced, customised corporate accommodation, at a fraction of the cost of hotels ...
